

English

Can you write a diary entry about your day? Remember to do it in order and include what you did and how it felt.

Reading

Make a reading den in your house. Invite a family member in and read them a story.

Team work

Play a board game against a family member. Can you become the house champion?

RE

Find out about the Easter story or Passover story. Create a comic strip to show what happened.

Maths

- Look outside. Make a tally chart of all the things you see (cars, birds, people). Use this tally to create your own Tally Chart.
- Add and subtract. Use dice to create two digit numbers, add them together or make a subtraction.
- Read time on a clock to the nearest 15 minutes.
- Log on to your timetables rock stars account! <https://trockstars.com/>

Year 2 Home Learning Activities

Hello! We hope you are keeping safe and well. Please complete the home learning tasks around the page whilst you are off. You do not have to complete them all at once, and some are continuous learning activities that you can practise every day. Please complete activities and share them with us when you return back to school.

Please also continue to complete your homework activities and read every day and check your class

History

Create a timeline of your family and friends. Add on their birthdays and any other interesting events you can think of.

Geography

Complete the game:

<https://online.seterra.com/en/vgp/3188>

Try different settings to make it harder. I like the 'labels' version.

Science

Draw a flower and label all of the different parts.

Key words

Take a look on the school website at the Year 2 common exception words. Can you write an interesting sentence using any of the words?

Don't forget to add adjectives and extend your sentences!
