

Dear Parent or Carer

Sunday, 27th September, 2020

A confirmed case of COVID-19 in our School

A member of our school community has tested positive for Covid-19. The school is working closely with Salford's Public Health Team to reduce the risk of infection for your children and our staff.

We have followed the national guidance and have identified that your Reception child has been in close contact with the affected person. In line with the national guidance, we recommend that your child now stay at home and self-isolates until **Monday, 12th October (14 days after contact).**

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

A pack of work will be provided for your child to complete and texts will be sent when online activities have been uploaded to the website and our online learning platforms. Further remote learning activities will be provided and you will receive more information about this in due course.

If your child is well at the end of the 14 days period of self-isolation, then they can return to usual activities. If they become unwell with symptoms please arrange a test (see below). However, a negative test does not mean that your child can return to school earlier than 14 days.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 14 day self-isolation period. This is because they are NOT contacts of the positive case. They are **contacts of contacts** of a case. Contacts of contacts do not need to self-isolate unless someone in their household develops symptoms or they come into contact with another case. Therefore, their siblings in other year groups are able to attend school, if they are well and not presenting with any symptoms.

Please see the link to the PHE Staying at Home Guidance:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

If you think that someone else in your household has come in contact with a confirmed case or you need help or advice about self-isolation, please call the Spirit of Salford helpline on **0800 952 1000**. Also, if you need public health advice on testing, that is the number to call.

Public Health Advice on symptoms

As your child is identified as a contact of a case, please try not to worry. For most people COVID-19 is a mild illness.

If anyone in your household becomes unwell with one of the symptoms of Coronavirus (COVID-19) to book a test by ringing **0800 952 1000** or **119** or go to

<https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/get-a-test-to-check-if-you-have-coronavirus/>

Symptoms of coronavirus (COVID-19) are recent onset of any of the following:

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Any one of the above symptoms gives reason for high level of suspicion for COVID-19.

Information about COVID-19 symptoms and management of the virus can be found here, www.nhs.uk/conditions/coronavirus-covid-19/

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Although COVID-19 is circulating in the community, usual childhood illnesses are too; and it is important that these are not missed. Please contact your GP or NHS111 if you are worried; or call 999 if seriously unwell.

If you have any questions or concerns please refer to the government website, or you can contact school by calling, 0161 789 4400, or emailing: lewisstreet.primaryschool@salford.gov.uk

Best wishes,
