

Monday 14th December, 2020

Dear Parent or Carer

A confirmed case of COVID-19 in our School - Year 6.

I'm sorry to inform you that a member of our school community has tested positive for Covid-19. The school is working closely with Salford's Public Health Team to reduce the risk of infection for all children and staff.

We have identified that your child has been in close contact with the affected person. In line with the national guidance we recommend that your child now stay at home and self-isolates until **Monday, 21st December** (10 days after contact).

Isolation means the person cannot go outside of the house (unless in your garden), other family members (outside your household) cannot visit and your child cannot see friends. If your child is well at the end of the 10 days period of self-isolation, then they can return to usual activities. If they become unwell with symptoms please arrange a test. However, please remember that even if your child's test result is negative, they must still isolate for the full 10 days.

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 10 day self-isolation period. This is because they are NOT contacts of the positive case. They are **contacts of contacts** of the case. Contacts of contacts do not need to self-isolate unless someone in their household develops symptoms or they come into contact with another case.

Even though your child is identified as a contact, please try not to worry. For most people COVID-19 is a mild illness. Please see the link to the PHE Staying at Home Guidance:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

Further information is included in the attached leaflet.

Although COVID-19 is circulating in the community, usual childhood illnesses are too; and it is important that these are not missed. Please contact your GP or NHS111 if you are worried; or call 999 if seriously unwell.

You are now able to book a COVID-19 test for your child/ren who attend our school if they feel unwell with 'non-classical' COVID-19 symptoms. While we know a lot of people are more likely to catch winter viruses at this time of year, in Salford we still want to rule out the possibility of COVID-19 and encourage primary and secondary age pupils to get tested.

Executive Headteacher: Wendy McCormack
Head of School: Claire Kinch
Lewis Street Primary School, Eccles, Salford M30 0PU
Tel: 0161 789 4400 **Fax:** 0161 921 1955
Email: lewisstreet.primaryschool@salford.gov.uk
www.lewisstreetprimary.co.uk

Non-classical symptoms include:

- Vomiting/nausea/off your food
- Diarrhoea
- Sleeping more than usual/extreme tiredness
- Listless/restless/agitated
- Shortness of breath
- Feeling cold
- Headache
- Severe body aches
- Sore throat
- Congested or runny nose
- Skin rash
- Complaining of anything that is not feeling themselves

To book a test please visit www.gov.uk/get-coronavirus-test and, when prompted, click the box “My local council has asked me to get a test, even though I do not have symptoms”.

Please note: Even if your child tests negative they must still isolate for 10 days as they have been identified as a contact, symptoms may develop at any time during the isolation period.

If you have any questions or concerns please refer to the government website, or you can contact The Spirit of Salford Helpline on 0800 952 1000.

With kind regards,

Mrs Wendy McCormack
Executive Headteacher
